EDUCATION

Bachelor of Computer Engineering

Amirkabir University of Technology (Tehran Polytechnic)

GPA: -

Thesis: -

Diploma of Mathematics and Physics Discipline

Salam e Tajrish High School

GPA: 19.26 / 20

WORK EXPERIENCES

Graphics Design

Sneeds Educational Group

Logo – Cover – Poster – Banner – Visit's Card

Kandoo Web Development group

Cover – Logo – Poster – Banner – User Experience

Web Develop

Freelancing

I developed some web pages and small projects with html, css, js and bootstrap.

Kandoo Web Development Group

I took part in developing some small to medium corporation's websites using wordpress CMS

NOTABLE PROJECTS

- I designed and developed a download manager software using java with features like downloading multiple files, download queue and etc.
- I designed and developed a software that simulates student's educational portal using java with features like seeing personal information, course's grades, chosen courses and etc.
- I designed and developed a simple and small 2D game (it was a software replica of 2D Tanks Games) using java
- I designed and developed a simple but efficient p2p file sharing software with modules like Register and login and file sharing over local networks using Java and MySQL
- I designed and developed my personal website using html5, css3, js and bootstrap
- A lot of graphical images like Posters, banners, visit's cards and etc...
